

## Take Me There

I got a feeling something's happening somewhere.

But all I know for sure is that it ain't here.

I felt it in my dreams but woke up in this nightmare.

If I don't get away I might disappear.

Come on and take me there.

I gotta feel the bright lights and pulse of a city.

'Cause they got everything there, with plenty to spare.

Some people tried to tell me that it aint pretty.

But I can taste the freedom in the air.

Come on and take me there.

I know there's something out there 'cause I hear it callin'.

And when I close my eyes I can see it I swear.

Don't know if I'll go out screamin', kickin', or crawlin'.

Or just go on livin' on a wing and a prayer.

Come on and take me there.

Come on and take me there.

Come on and take me there.
